Prerequisite	Description				
Windows Phone 7.1 SDK	Download and Install Windows Phone 7.1 SDK for Windows from Microsoft© website .				

What's Fixed

Component	Product Impact	Description
XamSlider	Bug Fix	InteractionMode of XamSlider thumbs is preventing them to resolve their values appropriately when using slider in a sample with MVVM
XamNumericEditor	Bug Fix	SpinWrap property does not work in XamNumericEditor control Notes: Fixed an issue in XamMaskedInput and XamMaskedEditor where in certain situations spin wrapping didn't

		work.
XamInputs	Bug Fix	Persistence throws an exception with XamInputs controls Notes: Fixed an issue with using the XamInputs controls with the Persistence framework.
XamAccessControl	Bug Fix	Twitter authentication does not work Notes: Twitter OAuth API endpoints started to return gzipped responses to http requests even when the http request headers did not claim to support it. This caused the control to crash. The XamAccessControl now supports handling gzipped responses.
