Release Notes

Component	Product Impact	Description
igChart	Bug Fix	<p>The chart moves its position on mouse move after releasing the left mouse button when the cursor is not over the chart</p> <p>Note: A scenario where the chart would not finish an interaction if you did not complete if over the chart surface was resolved.</p>
igCombo	Bug Fix	<p>Drop down menu does not open in Android browser</p>
igCombo	Bug Fix	<p>'fire' parameter of the igCombo.value API method have no effect if used on cascading combos.</p> <p>Note: The value of "false" for second parameter in selectedIndex method will suspend raising client events when cascading features are enabled.</p>
igCombo	Bug Fix	<p>When text is set programmatically, the filter is not applied based on the value.</p> <p>Note: The igCombo.filter method was modified to add filtering by text. Solution: Call igCombo.filter API to filter the combo and then on the igCombo.filtered event set the text of the combo using the igCombo.text API method.</p>

		When dataSource is remote and it is used JSONP then in Chrome and Firefox it is thrown exception and grid is not loaded.
igDataSource	Bug Fix	Note: Chrome and Firefox have changed their default setting for cross domain policy and exception is thrown: "Origin null is not allowed by Access-Control-Allow-Origin."
igDataSource	Bug Fix	Add successCallback and errorCallback params to the igDataSource.saveChanges API
igEditor	Bug Fix	Date picker shows the date in edit mode in Internet Explorer after clicking in the input field and selecting a date from the calendar
igEditor	Bug Fix	Date picker input becomes unresponsive after clicking to show calendar and clicking outside the calendar
igEditor	Bug Fix	Pasting number in igMaskEditor under Internet Explorer 8 will result in only part of the number pasted
		Hidden columns affect visible columns' width in Firefox.
igGrid	Bug Fix	Note: When column is initially hidden its width taken into account along with the visible columns width, thus resulting in blank space in the grid. In Firefox the grid is re-rendered.
igGrid	Bug Fix	Right aligned last column content hides under scrollbar
igGrid	New Functionality	Filtering by date when grid is bound to OData service
igGrid	Bug Fix	Decimal and group separators for the currency field are swapped
igGrid	Bug Fix	The grid cannot create JSONP data source implicitly
		Having virtualization and igGridTooltips enabled causes an exception when hovering over grid.
igGrid	Bug Fix	Note: Resolved an issue causing exception to be thrown when a tooltip is showing for a cell in a grid with virtualization enabled.
igGrid (ColumnHiding)	Bug Fix	Hiding a column in Firefox results in blank space and the visible columns do not extend to take that space
igGrid (ColumnHiding)	Bug Fix	When igGrid column widths are set in percentage and column hiding is performed the new column widths are not calculated as expected

igGrid (ColumnHiding)	Bug Fix	The igGrid.autofitLastColumn option is not working when there is initially hidden column
igGrid (ColumnResizing)	Bug Fix	Misalignment when resizing grid with igGridSummaries and virtualization enabled
igGrid (FeatureChooser)	Bug Fix	When igGridFiltering.mode is 'advanced' and igGridFiltering.advancedModeEditorsVisible = true the button for advanced filtering dialog is missing from the feature chooser.
igGrid (Filtering)	Bug Fix	OData Request ignores case sensitivity
igGrid (Filtering)	Bug Fix	Setting igGridFiltering.renderFilterButton to false does not hide the filter button.
igGrid (Filtering)	Bug Fix	Filtering tooltip is different when filter through UI and API
igGrid (GroupBy)	Bug Fix	The igGridGroupBy.indentation option does not work with percentage values
igGrid (GroupBy)	Bug Fix	Misalignment of column headers and column data in Chrome when grouping by column and column widths are in percentage
igGrid (GroupBy)	Bug Fix	igGridGroupBy.checkColumnsIsGrouped API doesn't work
igGrid (Multicolumn headers)	Bug Fix	When igGridHiding is enabled, if the columns do not have widths and the height is defined hiding a column misaligns the grid.
igGrid (Row Edit Template)	Bug Fix	The DOM of the Row Edit Template is not removed after invoking of igGrid.destroy or igUpdating.destroy
igGrid (Row Edit Template)	Bug Fix	Some of the igGridUpdating events do not fire when editMode is 'rowedittemplate'.
igGrid (RowSelectors)	Bug Fix	When igGridRowSelectors feature is destroyed columns increase their widths.
igGrid (RowSelectors)	Improvement	"Check all" doesn't check all rows by default when igGridSelection.multipleSelection = FALSE. Note: When multiple selection is disabled row selectors will no longer render a header checkbox.
igGrid (Selection)	Bug Fix	Cannot deselect cells with CTRL + click when the cell has child elements coming from template
igGrid (Sorting)	Bug Fix	igGridSorting events are fired when using API methods.
igGrid (Sorting)	Bug Fix	Header cell text and feature chooser icon are misaligned

igGrid (Sorting)	Bug Fix	igGridSorting.dataBound event is duplicated when sorting through the multiple sorting dialog
igGrid (Sorting)	Bug Fix	Sorting dialog doesn't take into account the igGridSorting.firstSortDirection option
igGrid (Summaries)	Bug Fix	igGridSummaries columnSettings.summaryOperands.decimalDisplay option is not working
igGrid (Summaries)	Bug Fix	Destroying igGridSummaries does not remove dropdown elements from the DOM
igGrid (Tooltips)	Bug Fix	When column virtualization and igGridTooltips are enabled incorrect tooltip appears after horizontal scrolling
igGrid (Unbound Column)	Bug Fix	When using remote Paging and Sorting the values of the unbound columns set via the unboundValues option are not persisted.
igGrid (Updating)	Improvement	<p>When the primary key column doesn't have dataType property specified igGridUpdating doesn't work correctly.</p> <p>Note: The igGridUpdating will check for the type of the primary key and will try to parse the value.</p>
igGrid (Virtualization)	Bug Fix	When using GroupBy and continuous virtualization and igGridGroupBy.initialExpand = FALSE the page hangs on scroll
igGrid (Virtualization)	Bug Fix	Horizontal scroll bar is missing when igGrid.autoGenerateColumns = true and igGrid.columnVirtualization = true
igGrid (Virtualization)	Bug Fix	When column virtualization is used with igGridSorting scrolling horizontally doesn't update the IDs of the column header cells
igGrid (Virtualization)	Bug Fix	Adding a new row when fixed virtualization is enabled and igGrid.autoCommit is false does not scroll to the added row
igGrid (Virtualization)	Bug Fix	With igGridSummaries is enabled, toggling the summaries will show wrong results when columnVirtualization = true
igGrid (Virtualization)	Bug Fix	Columns are misaligned when columnVirtualization = true and there is an initially hidden column
igGrid (Virtualization)	Bug Fix	When fixed virtualization is enabled rows expand to fill the height of the grid after the grid is filtered

igHierarchicalGrid (Unbound Column)	Bug Fix	Template is not working for the unbound column in the root layout in igHierarchicalGrid
igHierarchicalGrid (Updating)	Bug Fix	<p>JavaScript runtime error: "Unable to get property 'columnLayouts' of undefined or null reference" when expanding rows.</p> <p>Note: Multiple level of hierarchy and load on demand enabled should no longer cause issues when expanding rows and Updating is enabled.</p>
igHierarchicalGrid (Updating)	Bug Fix	<p>igGridUpdating.setCellValue does not work properly for hierarchical grid.</p> <p>Note: Resolved an issue causing setCellValue to not update the correct cell in hierarchical grid.</p>
igScroll	Bug Fix	Using Internet Explorer 9/10 on touch device and scrolling with finger over grid which has no vertical scroll bar does not scroll the page
igTree	Bug Fix	Calling igTree.clearSelection when no nodes are selected causes an undefined exception
igTree	Bug Fix	<p>Dragged and dropped nodes are missing when the target node is expanded.</p> <p>Note: Now when new nodes are requested after a node has been dropped as a child of another node, the new nodes are being rendered after it. I switched the tree to use delegated instead of direct event handlers in order to avoid issues with multiple event bindings which could occur on operations like the one described above.</p>
igVideoPlayer	Bug Fix	The igVideoPlayer doesn't play videos in WebM format
igVideoPlayer	Bug Fix	The igVideoPlayer generate source MIME types that do not comply with the HTML specification
MVC Wrappers (GridRow Edit Template)	Bug Fix	Error when clicking the 'Done' button on Row Edit Template dialog.
MVC Wrappers (GridUpdating)	Bug Fix	Unable to delete rows when igGrid.autoCommit is true and igGridPaging is remote.

MVC Wrappers (Chart)	Bug Fix	Some chart series types are not loaded by Infragistics Loader. Note: An issue preventing using the loader with some of the financial indicators and the MVC Helper wrapper has been resolved.
MVC Wrappers (Editor)	Bug Fix	Control id does not honor the <code>ViewPage.ViewData.TemplateInfo.HtmlFieldPrefix</code> value
MVC Wrappers (Grid)	Bug Fix	Cascading combo functionality not working with remote data sources when combos are used as editors in the <code>igGrid</code>
MVC Wrappers (HierarchicalGrid)	Bug Fix	After rebinding the grid continuously on interval the grid becomes unresponsive. Note: Try to remove Resizing as workaround.
MVC Wrappers (HtmlEditor)	Bug Fix	The component is not correctly associated with the model property through <code>HTMLEditorFor</code> and the value submitted by the editor is encoded. Note: The submitted text is encoded and user should handle the decoding.
MVC Wrappers (HtmlEditor)	Bug Fix	The <code>igHtmlEditor</code> is not correctly associated with the model property through <code>HTMLEditorFor</code> and the last character is missing when its content is submitted on the server.
Templating Engine	Bug Fix	The template engine does not parse correct string when # is more than one
