Release Notes

Work Item ID	Component	Product Impact	Description
206894	AngularJS (Two-way data binding)	Bug Fix	Removing records doesn't update the Paging label for total records and the number of pages
234144	Angular 2 (Two-way data binding)	Bug Fix	When binding datasource using two-way data binding of igniteui-angular2, RowSelectors's events are not fired. **Note:** Resolved an issue with calling igGrid's API method renderNewRow resulting in a row with a RowSelector checkbox that's not clickable among other issues.
228845	AngularJS (Two-way data binding)	Bug Fix	A new row is added into the current page even if page size exceeds the limit when data source is AngularJS two-way bound to the grid and an item is pushed to the data source.
236623	MVC Wrappers (Editor)	Bug Fix	igNumericEditor MVC shouldn't render value as string on client
234472	MVC Wrappers (FileUpload)	Bug Fix	ServerMessage does not allow curly brackets **Note:** When setting ServerMessage property of the event UploadFinishedEventArgs with string that contains curly brackets an exception is thrown
233662	MVC Wrappers (Scaffolding)	Bug Fix	MVC Scaffolding includes unwanted semi-colon in View
226353	igCategoryChart	Bug Fix	Browser becomes unresponsive after changing AxisLabelFontSize properties at runtime

226621	igCategoryChart	Improvement	First major gridline not drawn with odd major interval (column, steparea, stepline, waterfall) **Note:** Added property CategoryChart.AlignsGridLinesToPixels
236531	igCategoryChart	Bug Fix	Setting yAxisTitleAlignment to "top" or "bottom" rotates title and draws title into plot area
229352	igCombo	Bug Fix	Incorrect dependencies in the source code of the controls with AMD support
231467	igCombo	Bug Fix	igCombo with validation doesn't raise Validator's errorHidden event
234795	igDataChart	Bug Fix	OPD slider is misplaced on Chrome
235905	igDataChart	Bug Fix	Memory leak in igDataChart after calling destroy **Note:** Fixed the memory leak caused by the syncChannel property in the chart. After the fix Chrome browser still shows insignificant growth in memory which is well within the browser optimization parameters. Edge browser does not show memory growth at all.
235641	igDataChart	Bug Fix	Uncaught TypeError is thrown when using empty data source and Legend is defined **Note:** Fixed exception in the chart when empty data source is used with Bar Series and Legend.
230387	igDoughnutChart	Bug Fix	getData method on igDoughnutChart throws an exception
232801	igGrid	Bug Fix	When the igGrid is scrolled the scrollbars do not appear on Mac OS X.
236254	igGrid	Bug Fix	Horizontal scrollbar for igGrid is not visible when resizing a column on an Angular2 app.
234528	igGrid (AppendRowsOnDemand)	Bug Fix	With AppendRowsOnDemand when adding new rows with autoCommit:false the next chunk of data is not loaded when the "Load more data" button is clicked.
229818	igGrid (ColumnFixing)	Bug Fix	Fixed column is trimmed when fixingDirection is "right"
234642	igGrid (ColumnFixing)	Bug Fix	When moving a fixed column to the last position in the unfixed area the cell text is not fully visible.

235686	igGrid (GroupBy)	Improvement	Remote GroupBy is not working with remote Paging (Known Issue) **Note:** The known issue is removed. A new option is added in igGridGroupBy - pagingMode. It specifies how paging should be applied when there is at least one grouped column. By default all visible records (data records and metadata group-by records) are included in page processing. In this case pagingMode is set to "allRecords". Another possible value for this option is "dataRecordsOnly". If set then in page processing is included ONLY data records.
217471	igGrid (Knockout)	Bug Fix	When the data source is changed with another containing the same PKs, updating fails to refresh the UI in a Knockout grid **Note:** Resolved an issue in the Knockout grid extension causing rebinding with a data source containing the same PKs to fail when updating the UI through the rebindCells routine.
234641	igGrid (Virtualization)	Bug Fix	When hiding the last column in virtual grid the headers and cells become misaligned.
234211	igGrid (Virtualization)	Bug Fix	Parent DOM element that has scroll bar and contains a grid with virtualization won't scroll when revolving the mouse wheel on the grid scroll area.
235820	igHierarchicalGrid	Bug Fix	IntelliSense for igGrid options and events under igHierarchicalGrid initialization are not working for TypeScript application.
235250	igHierarchicalGrid	Bug Fix	Exception is thrown when trying to expand an empty child when Load on Demand is enabled (initialDataBindDepth : 0)
230050	igHierarchicalGrid (Filtering)	Bug Fix	Filtering a child grid in igHierarchicalGrid and hiding a column of the root grid no longer allows to clear filtering to that child grid
232173	igHierarchicalGrid (GroupBy)	Bug Fix	In remote GroupBy scenario the child layouts cannot be grouped
236538	igHierarchicalGrid (Paging)	Bug Fix	Paging is not working for the 3-rd level in the hierarchy **Note:** When primary key is not set for child layout and Paging is enabled for this layout - navigating through pages and trying to expand row does not show correct data.

INFRAGISTICS
DESIGN / DEVELOP / EXPERIENCE

235314	igHierarchicalGrid (Updating)	Bug Fix	DataSource does not reflect newly added rows if a cell was edited previously
226924	igMap	Bug Fix	OPD uses wrong CSS class in the combined CSS file on a touch enabled device
235921	igPivotGrid	Bug Fix	Filter popup is displayed in the wrong place if the control is inside igSplitter panel and width is 100%.
234973	igPivotGrid	Bug Fix	igPivotGrid cannot be created with jQuery 3.x. **Note:** The igPivotGrid can now be created with jQuery 3.x
234800	igPivotGrid	Bug Fix	Row header width stretches unexpectedly when expanding column.
233541	igPivotGrid	Bug Fix	defaultRowHeaderWidth and gridOptions.defaultColumnWidth are not respected
