238498	igGrid (Sorting)	Bug Fix	When there are Sorting columnSettings with currentSortDirection set to null the Reset button in the Sorting dialog is activated and clicking it removes some of the columns.
237873	igGrid (Sorting)	Bug Fix	In igGrid programmatically sorting a column is limited by allowSorting in columnSettings <b>Note:</b> Now programmatically sorting using sortColumn API is enabled for all columns regardless of their columnSettings.
237086	igGrid (Sorting)	Bug Fix	Sorting indicator duplicates on every sort if there is a currentSortDirection set and ColumnMoving feature is enabled <b>Note:</b> When ColumnMoving feature is enabled and there is initially applied sorting then the sorting indicator duplicates on every sort. This issue is reproduced ONLY if Sorting feature is defined before ColumnMoving in features list.
237280	igGrid (Sorting)	Bug Fix	Sorting indicator is visible after resetting sorting and hiding is applied <b>Note:</b> When Sorting and Hiding are both applied for the same column and during the time column is hidden the sorting is reset, after showing this column it appears with no sorting styles applied.
229964	igGrid (Sorting)	Bug Fix	Header height increases when sorting a column in touch environment
234084	igGrid (Selection)	Bug Fix	Multiple Selection doesn't get disabled when it is set via API. <b>Note:</b> Resolved an issue causing multipleSelection to not be settable at runtime.
241412	igGrid (RowSelectors)	Bug Fix	RowSelectors' header checkbox gets checked by mistake when scrolling down when Virtualization and Paging are enabled.

239693	igGrid (Paging)	Bug Fix	Calling commit when the page index to be rendered is lower than the current one throws an error. <b>Note:</b> Resolved an issue causing an exception if commit is called on a page that would not exist after the changes are committed.
240812	igGrid (Multi-Row Layout)	Bug Fix	igGrid Multi-Row Layout should throw an exception when a column is set to hidden <b>Note:</b> This is an unsupported scenario and should throw an exception.
			When the data source is changed with another containing the same PKs, updating fails to refresh the UI in a Knockout grid <b>Note:</b> Resolved an issue in the Knockout grid extension causing rebinding with a data source containing the same PKs to fail when updating the UI through the rebindCells
217471	igGrid (Knockout)	Bug Fix	routine.
238741	igGrid (igGridExcelExporter)	Bug Fix	gridFeatureOptions are not correctly applied when exporting an igGrid
239459	igGrid (igGridExcelExporter)	Bug Fix	igGridExcelExporter exports the same row twice
239829	igGrid (igGridExcelExporter)	Bug Fix	igGridExcelExporter fails to properly determine the igGrid row key
238477	igGrid (igGridExcelExporter)	Bug Fix	The formatter option is not applied to child grids' cell values when exporting igHierarchicalGrid.
236613	igGrid (igGridExcelExporter)	Bug Fix	Expanded child rows do not get exported when Load on Demand is enabled
236729	igGrid (igGridExcelExporter)	Bug Fix	igGridExcelExporter: dataExportMode value does not affect exporting of igTreeGrid GridExcelExporter exporting two extra rows when there is a column of type list
235260	igGrid (igGridExcelExporter)	Bug Fix	object in the grid.
238873	igGrid (GroupBy)	Bug Fix	GroupBy summaries font size/style/color is out of place
240465	igGrid (GroupBy)	Bug Fix	GroupBy Summaries doesn't work when autoGenerateColumns: true
240570	igGrid (GroupBy)	Bug Fix	HTML Entity characters in headerText do not display correctly in the group area

239804	igGrid (GroupBy)	Bug Fix	Autosizing is not working when there is an initially grouped column <b>Note:</b> When there is at least one grouped column and gird columns have width set to "*" then auto sizing is not properly applied. Columns haven't properly set width.
235686	igGrid (GroupBy)	Improvement	Remote GroupBy is not working with remote Paging (Known Issue) <b>Note:</b> The known issue is removed. A new option is added in igGridGroupBy - pagingMode. It specifies how paging should be applied when there is at least one grouped column. By default all visible records (data records and metadata group-by records) are included in page processing. In this case pagingMode is set to "allRecords". Another possible value for this option is "dataRecordsOnly". If set then in page processing is included ONLY data records.
241197	igGrid (Filtering)	Bug Fix	Error is thrown when trying to filter date column while another date column is hidden <b>Note:</b> Resolved an issue causing an exception to be thrown when filtering in grids that have hidden date columns.
237407	igGrid (Filtering)	Bug Fix	Filtering dropdowns do not close when opening in sequence
237522	igGrid (Filtering)	Bug Fix	Click on the filtering editor does not enter in edit mode
243305	igGrid (FeatureChooser)	Bug Fix	Feature Chooser state for sorted column is incorrect after the column is sorted, unsorted, sorted again and then another column is sorted.
237016	igGrid (ColumnHiding)	Bug Fix	columnChooserHideOnClick option set to true causes JavaScript error <b>Note:</b> An exception was thrown when columnChooserHideOnClick option is set to true and user attempts to close the column chooser modal dialog through the 'x' button. Now user can hide/show columns through the column chooser modal dialog and click on the 'x' button to apply the changes without any JavaScript errors.

237138	igGrid (ColumnHiding)	Bug Fix	When the hiding indicator is next to the igSplitter showing the hiding dropdown moves the grid. <b>Note:</b> Now by default hiding dropdown opens on right or left depending on the available space.
228717	igGrid (ColumnFixing)	Bug Fix	When having Virtualization with Column Fixing the scrollbars on mobile devices are mispositioned.
227700	igGrid (ColumnFixing)	Bug Fix	Cannot scroll a grid vertically when trying to scroll with mouse wheel from unfixed column area
237398	igGrid	Bug Fix	When hiding/showing a column in grid that hasn't width set - 17px are added to the width of the container
242790	igGrid	Bug Fix	igGrid Summaries are not in sync with the data when scrolling horizontally on touch device
242189	igGrid	Bug Fix	Calendar is shown behind the dialog window when it is opened from a date column of igGrid which is inside a dialog window.
236254	igGrid	Bug Fix	Horizontal scrollbar for igGrid is not visible when resizing a column on an Angular2 app.
235920	igGrid	Bug Fix	Headers and rows get misaligned when a column is resized.
240257	igDoughnutChart	Bug Fix	Chart size rendered after browser zoom level change is incorrect. <b>Note:</b> When the browser zoom level is changed the pixel scaling ratio applied to the Canvas is updated however the width and height (not the CSS width and height) of the canvas were not updated properly to match the new ratio. They now update correctly when the pixel scaling ratio is changed due to a browser zoom update.
237320	igDoughnutChart	Bug Fix	legendLabelMemberPath does not work properly. Note: legendLabelMemberPath is now respected by igPieChart and igDoughtnutChart.
		-	

		formatLegendLabel does not work properly when labelsPosition is set to "none" Note:
igDoughnutChart	Bug Fix	The returned value from formatLegendLabel is now respected.
igDialogWindow	Bug Fix	Some elements on a parent window are functional while a modal dialog is open.
igDataChart	Bug Fix	Compile error occurs when axis's CrossingValue option is set in MVC razor.
		Chart is performing slowly in StackedArea chart type Note: Scenarios where mass amounts of fragments are added to the stacked series have
igDataChart	Bug Fix	been tuned.
igCombo	Bug Fix	Checkboxes are not checked with Metro theme when grouping and multi-selection are enabled.
igCategoryChart	Bug Fix	Label alignment slightly off when bottom, top, left,or right
Excel Engine	Bug Fix	Error is thrown in infragistics.documents.core.js in app using RequireJS
TypeScript	Bug Fix	TypeScript definitions does not contain event ui arguments when they are defined through args property instead of ui.
TypeScript	Bug Fix	TypeScript definitions are not formatted correctly and when they are verfied using the DefinitelyTyped criteria there are errors
TypeScript	Bug Fix	igniteui.d.ts doesn't contain correct CellRightClickEventUIParam interface parameters.
TypeScript	Improvement	Typings definition file is not up-to-date downloaded from @types/ignite-ui.
TypeScript	Bug Fix	In igniteui.d.ts date returning methods return Object instead of Date
		TypeScript compilation fails when dialog's focus event handler is configured. Note:
TypeScript	Bug Fix	Since the FocusEvent interface is already defined, we have renamed the IgDialog's interface for the focus event to IgFocusEvent. That way it would be distinct and would compile correctly.
Script Combiner	Bug Fix	Uncaught TypeError occurs when you use infragistics.js on all versions except 17.1 created by the custom build page.

240821	Script Combiner	Bug Fix	It is not possible to download custom build with the following themes - bootstrap, flatly, superhero, yeti
238881	MVC Wrappers (Tree)	Bug Fix	Data binding does not work when using model of type interface.
240153	MVC Wrappers (Editor)	Bug Fix	Add suppressKeyboard option to the Editors MVC Wrappers
237323	MVC Wrappers (Editor)	Bug Fix	igDatePicker's dropDownOnReadOnly option is not available in the MVC wrapper <b>Note:</b> ASP.NET MVC Editors DropDownOnReadOnly now available as model property and wrapper method (renamed from obsolete SelectFromListOnly)
240700	MVC Wrappers (Combo)	Bug Fix	DropDownWidth wrapper method does not accept string values
159821	MVC Wrappers (Chart)	Bug Fix	Gradient brushes cannot be set to BrushCollection properties via the MVC wrappers <b>Note:</b> Brush collections can now have gradient brushes specified from the MVC wrapper by either using CSS gradient strings, or the new overloads that take brush model objects.
239903	MVC	Bug Fix	ASP.NET Core not able to install package Infragistics.Web.Mvc due to broken dependency
242800	Excel Engine	Bug Fix	"InvalidOperationException: Bitmap region is already locked" occurs when loading excel file including an image object on ASP.NET MVC.
