Release Notes

Work Item ID	Component	Product Impact	Description
266531	Excel Engine	Bug Fix	When excel document is exported, using Infragistics Excel Engine, if selection in the excel, with a name that begins with one of the following characters: '○' (U+3007), '〒' (U+3012) or '=' (U+3013), then <i>InvalidNamedReferenceName</i> exception is thrown.
GH1984	igCheckboxEditor	Bug Fix	If the default bootstrap4 theme is applied, the <i>igCheckboxEditor</i> checked icon is not visible.
GH2015	igCombo	Bug Fix	When scrolling a virtualized <i>igCombo</i> , with defined <i>itemTemplate</i> , the list is barely scrolled.
GH2016	igDateEditor	Bug Fix	If <i>igDateEditor</i> 's input and display formats are set, using the following format <i>HH:mm:ss.fff</i> , milliseconds date part is displayed as 0 and when editor is blurred then the value of the milliseconds is also set to 0.
GH2002	igDatePicker	Bug Fix	When using jQuery version 3.4.0 and when <i>igDatePicker suppressKeyboard</i> option is enabled then control input does not lose focus when drop down is expanded.
GH2048	igDataSource	Bug Fix	<i>igDataSource</i> class uses <i>escape</i> method to <i>encodeURIComponent</i> , which is deprecated and uses % for encoding, which is not approved standard and support for it will be dropped in further versions of .NET.
GH2007	igEditors	Bug Fix	In <i>igEditors</i> implementation the jQuery's trim method is called with an extra parameter, which is not necessary.

263285	igGrid	Bug Fix	Even there is a filter applied to the <i>igGrid</i> column, filter's tooltip displays "No filter applied".
266210	igGrid(Filtering)	Bug Fix	If there is an <i>igGrid</i> column without filtering editor defined, it is not possible to filter by any other of the grid columns.
267599	Knockout(igGrid)	New Functionality	When <i>igGrid</i> has defined Multi-row layouts in columns collection and igGrid Knockout extension is used then exception is thrown in the browser console.
GH1918	igPopover	Bug Fix	When <i>igPopover</i> is shown to the right and containment is set, while there isn't enough space to the right for popover to fit, then popover shows below the containment element instead showing over the input.
266999	igSplitter	Bug Fix	The <i>igSplitter's</i> panels that are on the right side become invisible when a browser zoom level is changed in Chrome.
GH2033	igTree	Bug Fix	The '<' character cannot be used in <i>igTree</i> node attribute.
258636	MVC Wrappers(Combo)	Bug Fix	When <i>igCombo</i> filtering type is remote then pasting a multi-byte character, like ' O O O O 3 ', will not filter the combo.
267990	MVC Wrappers(Editors)	Bug Fix	When passing a string as property name in an Editors Wrappers then they don't bind properly to the model.
267992	MVC Wrappers(Editors)	Bug Fix	In ASP.Net Core 3.1, tag helpers for <i>NumericEditorFor</i> , <i>DatePickerFor</i> , and <i>MaskEditorFor</i> are not generating the model field name for the hidden input tag associated with the control.
263258	MVC Wrappers(Grid)	Bug Fix	Grid tag helpers doesn't work with In ASP.Net Core 3.1.
265478	MVC Wrappers(Grid)	Bug Fix	Invoking <i>GetData</i> MVC method without http context is throwing an error.
267623	MVC Wrappers(Grid)	Bug Fix	When Grid edit-mode option is set using tag helpers then <i>ArgumentException</i> is thrown on load.
267355	MVC Wrappers(HierarchicalGrid)	Bug Fix	When <i>GridDataSourceAction</i> is used in ASP.Net Core application, then <i>HierarchicalGrid</i> cannot get remote data.
268142	MVC Wrappers(Popover)	Bug Fix	When initializing the Popover using wrappers for ASP.NET Core then <i>NullReferenceException</i> is thrown.
