Release Notes

Work Item ID	Component	Product Impact	Description
267598	igGrid	Bug Fix	If igGrid has RowSelectors enabled, then you need to tap the selector checkbox multiple times, to select the row, under devices with iOS 13.
268914	igGrid	Improvement	The igGrid's Advanced Filtering Dialog title is capitalized but should be title case.
268767	igGrid	Bug Fix	When igGrid with the group-by feature enabled has initially hidden columns, then group by row span is not correctly calculated when the hidden columns are shown.
268212	igScheduler	Bug Fix	The igScheduler daySelected event is not fired when selecting a day from the component's date picker.
GH2076	igTextEditor	Bug Fix	If igTextEditor input is focused, without the text being selected, when the browser loses focused and gets focus again then all text in the editor is selected.
251357	MVC Wrappers(Combo)	Bug Fix	Combo MVC wrapper generates the wrong ID when using ComboFor method.
255365	MVC Wrappers(Combo)	Bug Fix	Combo MVC wrapper renders obsolete property placeHolder.
