

Infragistics® Silverlight 13.2 – Service Release Notes – April 2014

Raise the Bar on Both Business Intelligence and Web UI with Infragistics Silverlight Controls.

Infragistics Silverlight controls provide breadth and depth in enabling developers to bring modern, trend-setting applications to market while shortening development time. If you need gesture/touch support, dynamic themes, and lightning fast performance in one Silverlight package, look no further.

Installation

Downloading	Download Infragistics Ultimate here.				
Installation Prerequisites	<p>Before you install Infragistics Ultimate, make sure you have the following:</p> <table border="1"><thead><tr><th>Prerequisite</th><th>Description</th></tr></thead><tbody><tr><td>Silverlight 5</td><td>Download and Install Silverlight 5 Developer Runtime for Windows from Microsoft© website.</td></tr></tbody></table>	Prerequisite	Description	Silverlight 5	Download and Install Silverlight 5 Developer Runtime for Windows from Microsoft© website .
Prerequisite	Description				
Silverlight 5	Download and Install Silverlight 5 Developer Runtime for Windows from Microsoft© website .				

What's Changed

Components	Product Impact	Description
Calendar	Bug Fix	When today button is pressed the focus remains on it even though other elements are selected when using Metro and Metro Dark Theme
Calendar	Bug Fix	Missing selection borders for the current day in xamCalendar when using IG Theme
Calendar	Bug Fix	The current day is not distinguished when there is a selection with some themes
Calendar	Bug Fix	Changing the theme from IG theme to another theme leaves the CalendarDayOfWeeks unchanged
Data Chart	Bug Fix	Setting the Axis TitleSettings to null needs a refresh before it sets the default TitleSettings
Data Chart		First axis label is not center re-aligned when more data points are added to items source of the chart
Data Chart	Bug Fix	The shadows for the series are displayed for some of the series and not for the others in the LegendItemBadges, must be consistent

Data Chart	Bug Fix	Scroll Into View does not have any effect on the Column types series (Clustered series)
Data Chart	Bug Fix	Scroll Into View does not navigates to top and bottom of columns for ColumnSeries and RangeColumnSeries
Data Chart	Bug Fix	The PieChart and FunnelChart does not have a black background when using the Metro Dark theme
Data Chart	Bug Fix	Tickmarks do not align correctly with the major Gridlines, there is a slight pixel diff
Data Chart	Bug Fix	The BarSeries trendline shifts position (at the start point) when zoomed/resized. Also difference when compared to Excel Chart .
Data Tree	Bug Fix	Nodes cannot be dragged when there is a 'Run' instance in the ItemTemplate of the NodeLayout
Data Tree	Bug Fix	Vertical Scrollbar position is not persisted
Date Time	Bug Fix	XamDateTimeInput changes its height when it is hovered over to display the dropdown button
Dialog Window	Bug Fix	Dialog windows behind a modal dialog window get focus when the modal appears and is moved
Dock Manager	Improvement	Memory leak when adding and removing ContentPanels. Notes: A CloseAction property has been added to the ContentPane class. This defaults to HidePane to maintain the existing behavior but may be set to RemovePane to have the pane be removed from the xamDockManager when it is closed.
Donut Chart	Bug Fix	Inconsistency between SliceItem and Slice objects in the RingSeries
Donut Chart		RingSeries' labels are displayed when there is no sufficient space for them
Excel	Bug Fix	Excel shows a popup dialog when an exported workbook opens that includes a hyperlink value in a cell Notes: Fixed an issue in the Excel library where an error message could appear when opening a saved file containing string values with underscores in MS Excel.
Excel Exporter		Null Reference Exception is thrown when exporting filtered grid, bound to dictionary
Funnel Chart	Bug Fix	The tooltip text is Black in color making it not visible when using the Metro Dark theme
Funnel Chart		ItemLegend Is not picking the ItemLegendStyle Foreground when using the Metro Dark theme
Grid	Bug Fix	Empty string is not displayed in the filter for null values of type Long and DateTime

Grid	Bug Fix	<p>Incorrect ActiveItem is returned in the SelectedRowsCollectionChanged event</p> <p>Notes: Selection is not indicative of an active element. The ActiveItem is the data item associated with the active/focused record/cell so it doesn't necessarily relate to what is selected. You can have cells/rows selected that are not the active item and you can activate a row with selecting it. The customer's assumption/expectation that the ActiveItem be set before a cell is selected is not a valid assumption. If they need that they should do some asynchronous processing of the selection event or they should use the active cell changed.</p>
Grid	Improvement	<p>Improve horizontal scrolling performance.</p> <p>Notes: The horizontal scrolling is improved as much as it can. Note, that the CellControlGenerationMode property should be set to Recycle for better performance while scrolling horizontally.</p>
Grid	Bug Fix	Null Reference Exception is thrown while resizing group columns
Grid	Bug Fix	ArgumentException is thrown when using ConditionalFormat rule over ObservableCollection of Dictionary with object values.
Grid	Bug Fix	System.ComponentModel.Win32Exception is thrown when the drag handler is clicked
Grid	Bug Fix	Blank area appears and it partly covers over a column which width is changed on data binding when using the Metro Dark theme
Grid	Bug Fix	FilterMenu cannot filter if the filter value is null
Outlook Calendar View	Bug Fix	Reccurence appointments are not displayed properly
Outlook Calendar View	Bug Fix	The header is not styled when using the Metro Dark theme
Pivot Grid	Bug Fix	<p>PivotGrid Cell Widths appear to have random widths after collapsing / expanding the levels</p> <p>Notes: The column's width was jumping when user expand/collapse the levels</p>
Pivot Grid	Bug Fix	Column's width is not correctly calculated when expanding dimensions.
Pivot Grid	Bug Fix	Exception is thrown when try to drag item from dataselector tree

Radial Menu	Bug Fix	Old value and New value of the event ValueChanged in NumericItem are exchanged
Rich Text Editor	Bug Fix	An additional row that can't be removed is added when a table is inserted in another table's cell.
Rich Text Editor	Bug Fix	Some table borders appear thicker than the rest
Rich Text Editor	Bug Fix	Some shapes and images are not shown neither as unsupported content, nor as objects.
Rich Text Editor	Bug Fix	Non positive values are accepted for start of a list in LevelDefinition
Rich Text Editor	Bug Fix	Autoscrolling is done when clicking on text which is positioned close to an image Notes: Fixed an unintended scrolling issue which occurred when clicking on text within a line containing a tall image.
Rich Text Editor	Bug Fix	InsideHorizontal and InsideVertical borders override all other borders.
Rich Text Editor	Bug Fix	Copying part of a hyperlink is pasting automatically the copied part three times
Rich Text Editor	Bug Fix	Tooltip of the hyperlink remains even though the cursor is not in the window Notes: Resolved an issue where a Hyperlink tooltip would sometimes remain displayed even after the mousepointer was moved beyond the bounds of the XamRichTextEditor
Rich Text Editor	Bug Fix	Image-only hyperlinks are not loaded from DOCX
Rich Text Editor	Bug Fix	There is a problem with rendering an image
Rich Text Editor	Bug Fix	Image-only hyperlinks are not loaded
Rich Text Editor	Bug Fix	Issues with selection when Image-only hyperlinks are loaded from DOCX
Rich Text Editor	Bug Fix	The Image-only hyperlinks are not rendered correctly and there are overlapping issues
Rich Text Editor	Bug Fix	ListLevelOverrides is not restarting the numeration of the second list when shared list template is used
Rich Text Editor	Bug Fix	Applying character format to the lists indicators of the second list is restarting its numeration although a shared list template is used
Rich Text Editor	Bug Fix	Resizing the parent table does not properly resize the nested one.
Rich Text Editor	Bug Fix	Exception is thrown when loading specific image-hyperlink

Rich Text Editor	Bug Fix	<p>Typing in second paragraph after deleting from another paragraph results in using the wrong character settings</p> <p>Notes: Resolved an issue where the wrong CharacterSettings were being applied to typed text after backspacing over some formatted text, using the mouse to change the caret position to some differently formatted text and then typing some characters.</p>
Rich Text Editor	Bug Fix	Line spacing settings are not visualized absolutely correct
Rich Text Editor	Bug Fix	Tables resize preview is offsetted to the left when TableIndent is specified
Rich Text Editor	Bug Fix	A cell that spans two or more rows can't be vertically resized
Rich Text Editor	Bug Fix	Exact instead of At Least is used as an extent rule for table's row height
Rich Text Editor		Navigation with Left+CTRL is not working properly when two text nodes are defined
Rich Text Editor	Bug Fix	CTRL+End is logically navigating the caret after the paragraph mark
Rich Text Editor	Bug Fix	<p>Paragraph marker is not getting selected when selecting the entire line via SHFT+HOME</p> <p>Notes: Resolved an issue that occurred when selecting an entire paragraph by placing the caret immediately before the paragraph mark and pressing SHIFT+HOME. In this scenario the XamRichTextEditor was not selecting the paragraph mark along with the paragraph's content.</p>
Rich Text Editor	Bug Fix	<p>Exiting a list through backspace is breaking the encoding</p> <p>Notes: Resolved an issue that occurred when pressing backspace while the caret was positioned at the beginning of a bulleted List Item (i.e., immediately after the bullet and before the list item's text). In this scenario, characters typed after pressing backspace were rendered using the Symbol font.</p>
Rich Text Editor	Bug Fix	<p>The viewport scrolls when resizing a large document</p> <p>Notes: Resolved an issue that occurred when resizing a xamRichTextEditor control that caused the control's content to move randomly while the resize was in progress and the previous vertical scroll position in the document to be lost when the resize completed.</p>

Schedule	Bug Fix	Performance slows down when xamDayView is showing many calendars with many appointments.
Schedule	Bug Fix	Combo boxes for the TimeZones are missing from the Appointment Recurrence dialog
XAML	Bug Fix	Red corner is not displayed if an error occurs in MS TextBox when MetroTheme is applied
XAML	Bug Fix	Error tooltip is not displayed when IGTheme is applied on MS TextBox
XAML	Bug Fix	There is an out of place element in ToolTipStyle when using Metro and Metro Dark themes.
XAML	Bug Fix	Metro Dark theme has duplicated brush resources and it cannot be applied to any IG control
XAML		Applying MetroDark theme throws an exception
