# Infragistics® Silverlight 13.2 –
Service Release Notes – December 2013

Raise the Bar on Both Business Intelligence and Web UI with Infragistics Silverlight Controls.

Infragistics Silverlight controls provide breadth and depth in enabling developers to bring modern, trend-setting applications to market while shortening development time. If you need gesture/touch support, dynamic themes, and lightning fast performance in one Silverlight package, look no further.

Installation

Downloading	[Download Infragistics Ultimate here](#).
Installation Prerequisites	Before you install Infragistics Ultimate, make sure you have the following: | Prerequisite	Description
Silverlight 5	Download and Install Silverlight 5 Developer Runtime for Windows from Microsoft© [website](#).	

What's Changed

Components	Product Impact	Description
Color Picker	Bug Fix	ColorPalette does not open when it is inside Ribbon MenuTool
Data Chart	Bug Fix	Zooming with pinch in and pinch out gestures on a Waterfall series with large data seems to be inconsistent
Data Chart	Bug Fix	FinancialSeries are not plotted after the Min/Max values on the YAxis are set to 0 and then to valid values again, it should be refreshed Notes: A scenario where an axis change would not cause an immediate refresh of the financial series was resolved.

INFRAGISTICS
DESIGN / DEVELOP / EXPERIENCE

Data Chart	Bug Fix	On StackedColumnSeriesthe with the Metro Dark theme set, the design of the second stacked item filled in Gray and outlined with white is not fit in the others.
Data Tree	Bug Fix	Tree does not maintain selected node / active node data
Dialog Window	Bug Fix	The z-index incorrect after theme change
Excel	Bug Fix	Wrong formatting when importing from excel with Swedish(Sweden) culture format Notes: Fixed an issue with the Excel library where getting the text of cells may be incorrect in some cultures.
Geographic Map	Bug Fix	GeoMap does not zoom in to max zoom level supported by geo-imagery Notes: Fixed an issue in the Map control where default max zoom level (WindowRectMinWidth) was less than max zooming level supported by geo-imagery which prevented end-user from zooming to street-level. Now, end-user can by default, zoom in map content to max zooming level that is supported by geo-imagery.
Grid	Breaking Change (Other)	When large data set is filtered using FilterMenu the grid is updated slowly Notes: The fix for this one introduces small behavior change. Until now "Filtering event has been fired multiple times(related to the checked/unchecked items) when filtering through the FIlterMenu. From now on it will be fired only once.
Grid	Bug Fix	Clicking on filler cells does not exit edit mode when the grid is inside a XamDialogWindow control
Grid	Bug Fix	Focus is not changed when the user presses the tab key in the filter row
Grid	Bug Fix	InvalidOperationException is thrown when opening the FilterMenu dropdown if the grid's datasource extends DependencyObject.
Grid	Bug Fix	Style for ConditionalFormattingCellControl is not applied
Grid	Bug Fix	AddNewRow is not available if the control is bound to ICollectionView with empty ObservableCollection

INFRAGISTICS
DESIGN / DEVELOP / EXPERIENCE

Grid	Bug Fix	Binding Expression being lost on loss of focus of cell with derived TextBox
Grid	Bug Fix	StackOverflowException when ConditionalFormating is applied through code and RowsCollectionChanged event is handled
Grid	Bug Fix	Strange scroll behavior scrolling grid with large cells with text.
Grid	Bug Fix	InvalidOperationException is thrown when changing Tabs containing XamGrids with SimpleClickableContainer default Style applied
Pie Chart	Bug Fix	Tooltip is not displayed in the proper position when the pie chart is not on the MainWindow Notes: Fixed tooltip position when the chart is not in main window for wpf
Pivot Grid	Bug Fix	Grid slow to load flatdatasource containing 500,000 items Notes: The long running initialization tasks like adding default items to appear in the rows, columns, filters and measures, are now splitted in smaller parts which results in better responsiveness of the UI
Rich Text Editor	Bug Fix	Deleting the hyperlink from a loaded file throws NullReferenceException
Schedule	Bug Fix	NullReferenceException is thrown after garbage collection and changing window background of view
Slider	Bug Fix	MaxValue is not incremented when MinValue and MaxValue are equal
Tile Manager	Bug Fix	Different count of are xamTiles are visible when the xamTile is added from a different control textblock
