

# Infragistics Silverlight 13.2 – Service Release Notes – November 2013

## Raise the Bar on Both Business Intelligence and Web UI with Infragistics Silverlight Controls.

Infragistics Silverlight controls provide breadth and depth in enabling developers to bring modern, trend-setting applications to market while shortening development time. If you need gesture/touch support, dynamic themes, and lightning fast performance in one Silverlight package, look no further.

## Installation

<b>Downloading</b>	<a href="#">Download Infragistics Ultimate here.</a>				
<b>Installation Prerequisites</b>	<p>Before you install Infragistics Ultimate, make sure you have the following:</p> <table border="1" data-bbox="394 649 1789 857"><thead><tr><th data-bbox="394 649 856 706">Prerequisite</th><th data-bbox="856 649 1789 706">Description</th></tr></thead><tbody><tr><td data-bbox="394 706 856 857">Silverlight 5</td><td data-bbox="856 706 1789 857">Download and Install Silverlight 5 Developer Runtime for Windows from Microsoft© <a href="#">website</a>.</td></tr></tbody></table>	Prerequisite	Description	Silverlight 5	Download and Install Silverlight 5 Developer Runtime for Windows from Microsoft© <a href="#">website</a> .
Prerequisite	Description				
Silverlight 5	Download and Install Silverlight 5 Developer Runtime for Windows from Microsoft© <a href="#">website</a> .				

## What's Changed

Components	Product Impact	Description
Combo Editor	Bug Fix	Last item in the xamComboEditor control is cut off
Combo Editor	Bug Fix	Adding fake assembly crashes the application.

Context Menu	Bug Fix	Opacity not being applied correctly  Notes: Added AllowsTransparancy property to XamContextMenu for WPF which sends the value to the popup hosting XamContextMenu.
Data Chart	Bug Fix	MetroDark - The StackedSeries has a light gray outline on one of the stacked fragement series which makes it look odd
Data Chart	Bug Fix	Marker doesn't show correctly in StackedFragmentSeries, when there are Double.NaN values.
Data Tree	Bug Fix	Node cannot be dragged when the control is loaded via System.Addin
Date Time	Bug Fix	Pasting text into dateinput editor causes erroneous conversion  Notes: Fixed a paste issue in date time input when using mask of where one of the date-time sections is literal, such as in the mask "dd/mm/yyyy hh:00".
Day View	Bug Fix	When double clicking on the right most calendar, which is partially visible, an appointment for the wrong calendar is created.
Drag and Drop Framework	Bug Fix	NullReferenceException is thrown when start dragging and the drop targets are virtualized.
Gantt	Bug Fix	[MetroDark]RowSelector is not visually selected when MetroDark theme is applied
Gantt	Bug Fix	[MetroDark]Multi cell/row selection is overlapping the border of the first cell
Gantt	Bug Fix	CellControl TextBox does not pick TextBox Syle when modifying values
Grid	Bug Fix	Top border line is missing in bottom filter row/summary row/ add new row in IG theme
Grid	Bug Fix	Missing top border summary row when data is grouped
Grid	Bug Fix	Improper cell styling when conditional formatting is used  Notes: Bug Fix
Grid	Bug Fix	Switching between IME when writing in a TextBox inside a Popup does not act correctly

Grid	Bug Fix	Cannot read GroupColumns in the grid  Notes: Better title for this issue would be "XamGrid throws DuplicateKeyException after a group column is removed and then added again."
Grid	Bug Fix	Horizontal scrollbar does not work correctly  Notes: Fixed!
Linear Gauge	Bug Fix	Title's Width is not considered in arranging the layout
Pivot Grid	Bug Fix	Clicking the filter indicator makes the UI freeze
Rich Text Editor	Bug Fix	Cell selection is not selecting the inner table  Notes: Resolved an issue where nested table cells were not being selected when the enclosing parent table cell was selected.
Rich Text Editor	Bug Fix	UseLegalNumberFormat in LevelDefinition is not working when having lists
Rich Text Editor	Bug Fix	Cells selection in a row is done not until the cursor intersects the next cell in the row if the cell contain text with style  Notes: Fixed an issue where selecting text in table cells did not always transition into 'full cell select' mode when using the mouse to perform the selection.
Rich Text Editor	Improvement	Pressing tab when custom list indicator is selected is doing wrong selection
Rich Text Editor	Bug Fix	The right border of a table is not visible when a new line in the table is created

Rich Text Editor	Bug Fix	<p>Multiple selection is not working correctly in table</p> <p>Notes: Fixed an issue that resulted in an improper selection when IsMultiSelectEnabled = true and a mousedrag-initiated additional selection operation was performed inside a table.</p>
Rich Text Editor	Bug Fix	<p>Changing the Uri of a hyperlink in HyperlinkExecuting event is not automatically adding http/https</p> <p>Notes: Fix an issue where a Uri modified by code in a HyperlinkExecuting event handler was modified in a way that failed to include an http:// or https:// protocol prefix. The XamRichTextEditor now correctly prepends the missing protocol prefix.</p>
Rich Text Editor	Bug Fix	<p>Replace is not starting selection and replacement after the position of the caret</p> <p>Notes: Resolved an issue in the FindReplaceManager where replacing the current FindMatch was not always honoring the Caret position to determine which FindMatch to replace.</p>
Rich Text Editor	Bug Fix	<p>WPF XamRichTextEditor does not recognize any of the framework's built-in ApplicationCommands</p>
Rich Text Editor	Bug Fix	<p>Indicators selection is visible after pressing Ctrl+A</p> <p>Notes: Fixed an issue where selected list indicators would continue to appear selected after pressing CTRL+A to 'select all'.</p>
Rich Text Editor	Bug Fix	<p>FindCriteria should be required parameter in Find methods because null value is not allowed</p> <p>Notes: Fixed an issue that resulted in a NullReferenceException when the XamRichTextEditor's FindReplaceManager.FindInSpans was called with a null FindCriteria.</p>

Rich Text Editor	Bug Fix	<p>Incorrect caret position when selecting a numbered/bulleted list item, and press Right arrow</p> <p>Notes: Fixed an issue where the Caret would be misplaced after pressing SHIFT+End to select the contents of a line and then pressing the right arrow.</p>
Rich Text Editor	Bug Fix	<p>Selection highlight stops in the spacing between paragraphs.</p> <p>Notes: Fixed an issue where the height of the selection highlight was not reflecting the space added before/after a paragraph when the first or last line in the paragraph was part of the selection.</p>
Rich Text Editor	Bug Fix	<p>Unable to type new text in an empty line when TextUpdateMode = Overwrite.</p> <p>Notes: Resolved an issue which caused paragraph marks to be overwritten when the TextUpdateMode was set to 'Overwrite' and the Caret was positioned at a paragraph mark.</p>
Rich Text Editor	Bug Fix	<p>Borders resizing indicator stops showing after changing the theme in run-time and an exception is thrown after resizing attempt.</p> <p>Notes: Fixed an issue in Silverlight where hovering the mouse over a table border after changing the control's template would raise an exception.</p>
Rich Text Editor	Bug Fix	<p>Exiting sub/super script when there's no selection doesn't work.</p> <p>Notes: Fixed an issue which caused the toggling of character formatting to stop working after toggling character formatting when positioned at the first character of a word and typing characters. Subsequent toggling would not work until the caret position was explicitly changed.</p>
Rich Text Editor	Bug Fix	<p>Up/Down navigation with arrows is not working correctly at the end of a paragraph</p>

Schedule	Bug Fix	The active category indicator is not styled in the Metro/MetroDark theme
Schedule	Bug Fix	The category combo box in the Metro theme is not visually styled in Silverlight the same as WPF
Slider	Bug Fix	MinDate is not set when dropping the control, also if set 0001-01-01 it disappears
TreeMap	Bug Fix	Unable to add xamTreemap to the design surface
