What's Changed

Components	Product Impact	Description
WinChart	Bug Fix	Line Appearances for StackLine Chart are applied inconsistently.
WinChart	Bug Fix	ArgumentException occurs when filling a rectangle with Transparent brush.
WinChart	Bug Fix	The size of bounds and path in text primitive are not set in FillSceneGraph event.
		The "CodedUITest.UIA.VS11" assembly is not being added to the GAC when only the VS Agents is installed.
		Notes: If there is no binary difference between the original RTM XML file and the latest xml in the service release, the patch will not include the file. If the xml file is not present after applying the patch, you need to run a repair operation on the product. This can be done via the Add/Remove programs interface by selecting the "Repair" option. The installer will have had its search conditions updated by the patch, and the condition will be met when it locates VS Agents. You will be able to see the expected XML file at that time.
CodedUI	Bug Fix	
WinNumericEditor	Bug Fix	The prompt characters remain visible even though the editor does not have a focus.
WinTextEditor	Bug Fix	Unable to activate the MessageBox by tapping it when displayed by Enter event.
WinGanttView	Bug Fix	The "PerformAutoSizeAllGridColumn" method does not resize the Timeline rows when CellMultiline is set to True.
WinGrid	Bug Fix	The Grouping of rows is grouped incorrectly. The rows of data belonging to the same group appear in separate groupings.

WinGrid	Bug Fix	The scrolling on the grid does not occur with scrolling gesture (Dragging a finger from the bottom of the grid to the top).
WinDayView	Bug Fix	Pressing a tab, while in a time slot, does not enter the next time slot area in view.
WinDockManager	Bug Fix	An OutOfMemoryException is thrown after opening and closing multiple floating windows.
WinToolbarsManager	Bug Fix	When the form is maximized by dragging from the border upward, it shows 1 pixel less than a full screen.
WinToolbarsManager	Bug Fix	The tools' syzes were changed after displaying the RibbonCustomizerProvider.
WinToolbarsManager	Bug Fix	The popup menu fails to stay in view. It goes away imediately after being displayed.
