

INFRAGISTICS WinRT 13.1 – Service Release Notes – July 2014

Raise the Bar on Both BI and Desktop UI with Infragistics WinRT Controls

Infragistics WinRT controls provide breadth and depth in enabling developers to bring modern, trend-setting applications to market while shortening development time. If you need gesture/touch support, dynamic themes, and lightning fast performance in one WinRT package, look no further. Apps created with our WinRT controls will be bold, high performance and drive revenue through the Windows Store.
