--------------------	---------------------------------------------

What's Changed:

ID	Component	Product Impact	Description
266278	CalculationManager	Bug Fix	Performance improvements could be made in TopologicalSort and SparseArray.Clear with calculation engine.
264548	ComboEditor	Bug Fix	When applying IGTheme and selecting a value in Combo with IsEditable set to false the text is unable to be seen In the ComboEditor_NonEditableComboBoxTemplate style, I modified the setter for the foreground in the IsSelectionBoxHighlighted trigger so that the value is still visible when you select it in the dropdown, and the editor is highlighted.
265146	ComboEditor	Bug Fix	IgTheme with XamComboEditor not letting display the value until lose the focus This is the fix; In the ComboEditor_NonEditableComboBoxTemplate style, I modified the setter for the foreground in the IsSelectionBoxHighlighted trigger so that the value is still visible when you select it in the dropdown, and the editor is highlighted.

			FontSize setting is ignored when Royallight or RoyalDark theme is applied.
257499	DataGrid	Bug Fix	Removed FontSize setter from the XamMaskedEditorBaseStyle so the user can set a font size in the control, and it's reflected on cells for grids. UPDATE: Commented the FontSize property of the XamTextEditor implicit style, so when the user sets a font, it's reflected on the cells for grids.
264219	DataGrid	Bug Fix	The ExpandableFieldRecordPresenter in Office2013 theme is gray text on blue background - difficult to see. Bug Fixes: - Created a new brush resource for ExpandableFieldRecordPresenterForeground in the brushes file. - Added ExpandableFieldRecordPresenter style and modified its template to fix foreground, corner radius, and background/borderbrush issues in the Border of the ExpandableFieldRecordPresenter.
266046	DataGrid	Bug Fix	The first filter condition should not be selected if other records were selected while the custom filter dialog was being shown.
265714	DateTimeEditor	Bug Fix	MetroDark too dark for editors Changed the color resources for the EditorsDisabledBorderBrush and EditorsDisabledForeground so they look less dark (more visible) in the disabled state of Editors.
266768	Installers	Bug Fix	Extra xml files get installed with the Japanese installer
261028	NumericEditor	Bug Fix	When group and decimal separator settings changed the editor increments by the incorrect amount
265769	Styling	Bug Fix	Using Office2013 theme, setting a background color to HeaderPrefixArea by Style is not applied to it. Added a Background property (bound to the background in the setters) to the border wrapping the HeaderPrefixArea's stack panel. Changed the padding of the LabelPresenter to remove padding affecting the HeaderPrefixArea.

			Color of Selected text in XamTextEditor is different than other editors
260569	TextEditor	Bug Fix	<p>Bug Fixes:</p> <ol style="list-style-type: none"> 1. Added a style for DisplayCharacterPresenter, so editors have the SelectionBrush style. 2. Added the SelectionBrush property to the EditTemplate of the XamTextEditor Style. 3. Converted the TextEditorSelectionBrush to a ComponentResourceKey. 4. In the InputTextBoxStyle changed the StaticResource of the SelectionBrush to DynamicResource {ComponentResourceKey... etc. 5. In Office2010Blue WPF Styles, changed the SelectionOpacity in the TextBoxStyle.
260116	Themes	Bug Fix	<p>[Theme Manager] - TextEditor and ListBox don't update properly when theme changes</p> <p>Removed duplicated implicit InputTextBox Style that was overriding the actual explicit "InputTextBox Style" with the full control template.</p>
265103	Themes	Bug Fix	<p>Groupbox Header (checkmarks in checkboxes can't toggle checkstate.</p> <p>I reordered the elements inside the GroupBoxStyle's template, since the groupbox was accidentally interacting badly with the elements nested within. Moved the border containing the stroke of the groupbox to the bottom (top of the code).</p>
266886	Themes	Bug Fix	<p>Dropdown arrow is hidden behind text with Metro themes applied</p> <p>In the ComboEditor_NonEditableComboBoxTemplate changed the ColumnSpan of the SelectedItemBorder so the toggle button's arrow does not overlap with the selected combo box item.</p>
266889	Themes	Bug Fix	Text not visible in scroll menu with MetroDark / RoyalDark applied
267327	Themes	Bug Fix	Dropdown button boundary cuts though text with Metro themes applied
265060	Timeline	Bug Fix	Memory leak detected when axis minimum and maximum values are changed.
