What's Changed

Components	Product Impact	Description
Grid	Bug Fix	Missing top border summary row when data is grouped
Data Chart	Bug Fix	Marker doesn't show correctly in StackedFragmentSeries, when there are Double.NaN values.
Timeline	Bug Fix	EventSpan changes its position relative to the Axis when the IG Theme has been applied
Combo Editor	Bug Fix	Last item in the xamComboEditor control is cut off
Combo Editor	Bug Fix	Adding fake assembly crashes the application.
Date Time	Bug Fix	Pasting text into dateinput editor causes erroneous conversion Notes: Fixed a paste issue in date time input when using mask of where one of the date-time sections is literal, such as in the mask "dd/mm/yyyy hh:00".
Slider	Bug Fix	MinDate is not set when dropping the control, also if set 0001-01-01 it disappears
Drag and Drop Framework	Bug Fix	NullReferenceException is thrown when start dragging and the drop targets are virtualized.
Gantt	Bug Fix	CellControl TextBox does not pick TextBox Style when modifying values

Grid	Bug Fix	The cell styles are not merged when using conditional formatting Notes: The styles have been merged if set.
Grid	Bug Fix	Improper cell styling when conditional formatting is used Notes: Bug Fix
Pivot Grid	Bug Fix	Clicking the filter indicator makes the UI freeze
Pivot Grid	Bug Fix	Column's width is not correctly calculated when expanding dimensions.
Pivot Grid	Bug Fix	The Load and Save Customization sample does not load the filter hierarchy correctly Notes: Fixed two issues for the save/load customizations feature of the pivot grid data sources. 1. When a hierarchy does not have a root level, its filter members selection states are not correctly preserved. 2. When loading XMLA datasource customizations, if the cube being restored has been previously loaded, the customizations are not properly restored.
Grid	Bug Fix	Horizontal scrollbar does not work correctly Notes: Fixed!
Grid	Bug Fix	Can not read GroupColumns in the grid Notes: Better title for this issue would be "XamGrid throws DuplicateKeyException after a group column is removed and then added again."
Grid	Bug Fix	Switching between IME when writing in a TextBox inside a Popup does not act correctly

Dialog Window	Bug Fix	Value does not fall within the expected range exception is thrown when you try to maximize the window after it's been minimized to its minimized panel.
Data Tree	Bug Fix	Node cannot be dragged when the control is loaded via System.Addin
Menu	Bug Fix	ItemsPanel has extra space for collapsed item on 2nd showing
Menu	Bug Fix	Popup menu remains on screen although its window gets inactive (by "Alt + Tab"key) when the control is loaded via System.Addin.
Context Menu	Bug Fix	Opacity not being applied correctly Notes: Added AllowsTransparency property to XamContextMenu for WPF which sends the value to the popup hosting XamContextMenu.
Schedule	Bug Fix	The active category indicator is not styled in the Metro/MetroDark theme
Schedule	Bug Fix	The category combo box in the Metro theme is not visually styled in Silverlight the same as WPF
Day View	Bug Fix	When double clicking on the right most calendar, which is partially visible, an appointment for the wrong calendar is created.
Data Presenter	Bug Fix	Filter items style is not correct in all Office themes.
Data Presenter	Bug Fix	Hover style of filter items is not working in Office2010Blue theme.
Data Grid	Bug Fix	When the cell is larger than the grid, scrolling is erratic
Data Grid	Bug Fix	ActiveCell is scrolled into view upon reactivated only when the record that contains ActiveCell is in the view
Data Grid	Bug Fix	System.Windows.ResourceDictionary Warning, when DataPresenterPrintBasic theme is used Notes: Added missing brushes to fix the issue.

Data Grid	Bug Fix	<p>Column Resizing does not properly work on the header merged column (whose CellContentAlignment property is set "ValueOnly")</p> <p>Notes: Fixed an issue in data presenter where auto-sizing multiple fields at the same time (by selecting multiple fields) where one or more of the fields being auto-sized spans multiple other fields did not work properly.</p>
Data Grid	Bug Fix	IndexOutOfRangeException occurs with multiple cell pasting when the paste target contains a hidden field.
Data Grid	Bug Fix	Filter dropdown is case-sensitive
Data Grid	Bug Fix	<p>Field is automatically sorted when SortEvaluationMode = Manual</p> <p>Notes: Fixed an issue in data presenter having to do with Manual SortEvaluationMode where the data presenter internally sorted data records despite sort evaluation mode of Manual.</p>
Dock Manager	Bug Fix	The default active document pane is changed on loading a saved layout.
Month Calendar	Bug Fix	Hover mode for Today button is missing in XamMonthCalendar in IG Theme
Month Calendar	Bug Fix	Working day style is not applied when Metro theme is used in xamMonthCalendar
Reporting	Bug Fix	Some Records are not generated.
